

The 3rd PAL-XFEL Users' Meeting

Wednesday, August 16, 2023

Exploring Chemical Reaction Dynamics with PAL-XFEL : A Symposium for Young Scientists - Multipurpose Hall (3:45 PM - 4:45 PM)

-Conveners: Jae Hyuk Lee; Sang Han Park

time	[id] title	presenter
3:45 PM	[18] Experimental observation of the liquid-liquid critical point in deeply supercooled water with the ultrafast heating of amorphous ice	Ms YU, Seonju
4:05 PM	[16] Excited-state trajectory of cobalt complex unravelled from the combination of femtosecond X-ray and optical spectroscopies	Mr CHOI, Seung Yeon
4:25 PM	[17] Time-resolved experiments at PAL-XFEL	Dr LEE, Yunbeom
